# “Basics Of Cybersecurity” by INFOSEC CLUB

**Date -** 9th September 2023

**Timing-** 5:00 to 6:30 pm

**Venue** - VLTC - L007

**Total Participation** - 63

## Objective And Outcome

The primary objective of the "Basics of Cybersecurity" workshop, organized by the InfoSec Club at MNIT, was to empower students with essential cybersecurity knowledge and hands-on experience. The workshop aimed to raise awareness about the importance of cybersecurity in our digitally connected world and equip participants with practical skills to protect themselves online.

The outcome of the event was highly successful. We achieved our goal of educating students on the fundamentals of cybersecurity and fostering a culture of online safety. Participants gained insights into common cyber threats, best practices for safeguarding their digital lives, and practical experience through interactive activities.

Furthermore, the workshop provided a platform for networking and knowledge sharing among participants, encouraging them to engage in ongoing cybersecurity discussions and stay vigilant in their online activities. The event received positive feedback, with participants expressing increased confidence in their ability to identify and mitigate cyber risks.
